Ann O'Hagan – WCEC
Rob Brown – NTL
Steve Pettis – NCI
Aaron Shewman – Maxim
Paul Hicks – DEQ
Scott Gestring – DEQ
Mike Trombetta – DEQ
Tom Livers – DEQ
Sandi Olsen – DEQ
John Camper – Camper Communications

Information Presented:

Sandi Olsen advised those in attendance that the governor has appointed Mr. Terry Cosgrove from Helena to be the public representative on the Board. The governor also appointed Mr. Frank Schumacher from Great Falls to be the representative of the service station dealers.

Paul Hicks handed out a tracking sheet that provided information pertaining to the status of draft rules and policies that the Board has tabled or taken no action on. This same information is in the 8/11/03 PTRCB information with the PFSS report.

Mike Trombetta handed out a responsiveness summary for comments received on the department Petroleum Release Section's Draft Prioritization Ranking Technical Guidance and the Final Technical guidance document #15 on Prioritization of Petroleum Release sites.

Mike Trombetta next handed out a draft Report format for Remedial Investigation and the Report Format for Initial Site Assessment, Initial Site History, Receptor Survey and Migration pathway Evaluation, Groundwater Check, Groundwater Investigation, Soil Investigation, Utility and Utility Corridor Investigation, Structure Vapor Investigation, and Soil Vapor Investigation. Concerns were expressed about the inflexibility of the formats, all the reporting requirement will costs more, are the site history requirements realistic, and the check the federal and state provisions for consistency. He requested written or email comments to him by October 1, 2003.

Mike Trombetta then handed out a copy of the closure review log.

The next meeting will be on October 16, 2003 from 10:00 to 12:00.

Topics for the next meeting will be monitoring well construction technical document, SPCC update from EPA, draft closure documents, and a report from Mike T. on meeting on Chapter 5 & 6 of UST rules.
